Hilo Japanese have effected an organization for the purpose of influencing Japanese laborers against leaving for the mainland.

Mrs. D. W. Marsh, wife of the business manager of the Hilo Tribune, sailed by the last Enterprise on a visit to San Jose, California.

Joe Perry, who had been arrested charged with assault on Col. Knox, of the Fifth Electoral District, had his hearing yesterday and was discharged.

Government water will be shut off from 9 a. m. to 4 p. m. today on the mauka side of School street, Lusitana street, Thurston street, Lunalia street, Wilder avenue, Seaview, College Hills and Manoa.

H. Hackfeld & Co. have received from the refinery of the Union Oil Company of California 4000 cases of Aurora oil. The first large shipment ever received of any brand of oil not of Standard Oil make.

Ah Sing has threatened the life of Kahaehawaii, which translated is the Hawaiian flag. The fact that the name is borne by a native woman relieves the charge from that of high treason to ordinary threatening, for which Ah Sing is now booked at the police station.

An investigation was begun yesterday by Sheriff Brown to ascertain the cause of the fire in which Jack Mansfield's house was consumed on Wednesday night. It is said that enough evidence has been secured to warrant an official fire inquest, which will be begun tomorrow.

The regular monthly literary meeting of the Chinese Students' Alliance of Hawaii will be held at the Chinese Y. M. C. A. Hall, on Friday evening, at 8 o'clock, July 20th. A communication in reference to the enforcement of the residence clause in the cases of applicants for lands has been received from Land Commissioner Pratt by R. A. Lyman, Jr., in which the commissioner says: "If a man maintains his family and home on his holding and absents himself temporarily from time to time, on business, he would still be considered as complying with the requirements of the law."—Hilo Tribune.

Seven applications for Olua lots formerly set aside for the J. D. Lewis Settlement Association were received at the local land office one day during this week. On that date these lands were opened for the public at large, as only two members of the association out of the requisite number of at least six filed their applications within the statutory time of three months. There are still a few lots untaken of about 10 acres each. These are filed upon under right of purchase lease, requiring two years' residence.—Hilo Tribune.

The construction of the road through Rainbow Falls park and improvement of the locality have been undertaken. It has been proposed as part of the improvement to erect a rustic house shelter from sun and shower in the park. The most appropriate shelter that is suggested and one that would attract the attention of all tourists, would be a native grass hut. This would be in keeping with the original character it is so desirable to maintain of the locality, and would heighten the effect in the eyes of the stranger. Native hut building is nearly a lost art and a well-constructed, typical thatched hut would add something of interest to the park for the traveling public.—Hilo Tribune.
